

# Slender False Brome (*Brachypodium sylvaticum*) Identification and Survey Workshop

Join WNY PRISM and the Great Lakes Slender False Brome Working Group to learn how to incorporate this early detection priority invasive species into your work!

**Date:** Wednesday, August 29, 2018.

**Time:** 9:00 AM-11:30 AM

**Location:** Letchworth State Park, Humphrey Nature Center.

1 Letchworth State Park, Castile, NY 14427.

Use the Castile Entrance.

E-mail Brittany Hernon at [hernonba@buffalostate.edu](mailto:hernonba@buffalostate.edu) by Wednesday, August 22, 2018 to register for this event.

Participants will work outdoors to practice conducting invasive species surveys.

A tour and discussion of ongoing management will also take place.
