Please join WNY PRISM for our 2020 Spring Partner Meeting!

Based on discussions from our strategic planning process, we are changing the content of our Spring Partner Meeting to provide a deeper focus on regionally specific updates and resources available to you, our partners!

## On the Program:

### WNY PRISM Updates

Hear about our plans for the upcoming field season and beyond.

### Early Detection Response and Management Updates

Learn about ongoing surveys for and management of early detection species in western New York.

### Approaching Region (Watchlist) Species Updates

Familiarize yourself with the invasive species approaching our region.

### Early Detection Reporting Protocols

Learn about our newly developed protocol for reporting early detection species in western New York.

### Resources for Field Staff

Get resources and information to help guide and implement seasonal field work on topics including surveys, data collection and management.

### Tier Ranking System

Hear about the recent expansion and ongoing development of our Tiered Ranking System of 78 invasive species.
