

# Rails to Trails: Invasive Plant Clean-Up Effort

The Town of Tonawanda's Rails-to-Trails pathway is a community asset that makes outdoor recreation possible right in your backyard. But the invasive species along the trail threaten to degrade this neighborhood gem.

The Town of Tonawanda, along with WNY Partnership for Regional Invasive Species Management (PRISM), are working to manage the offending plants, but we need your help!

## Upcoming Trainings and Events

### June 1 - June 22: Volunteer Survey #1

Volunteers survey their assigned section on their own time during this timeframe. WNY PRISM staff available on June 1 to review identification and mapping.

### TBD: Volunteer Workday

Put your skills to use and manually remove these stubborn invaders.

### August 3 - August 24: Volunteer Survey #2

Volunteers survey their assigned section on their own time during this timeframe.

**We will teach you everything you need to know and all are welcome!**

Join us for our first training:

Wednesday, April 27, 5:30 - 7:30 pm

Location TBD

Topics include: Identification, mapping and removal

Sign up today at: <https://forms.gle/XXxjqHpF9RhaMM27>

Questions can be directed to Cecilia Pershyn, [pershycm@buffalostate.edu](mailto:pershycm@buffalostate.edu).
