

# WNY PRISM's Emerald Ash Borer (EAB) Costume

## Directions

The EAB costume is part of WNY PRISM's outreach inventory and may be borrowed by our Partners for use at outreach events. In order to track outreach efforts, an event form is included with the costume and must be filled out, and returned along with the costume.

Please help ensure that we continue to offer this service by returning it in the same condition it was received. Thank you!

### Costume Checklist:

- EAB Helmet
- EAB Collar
- EAB Face Mask
- EAB Gray Under-armor
- EAB Wings
- Event Form
- EAB Green Overcoat

*It is recommended someone assist you when putting on the EAB Costume*

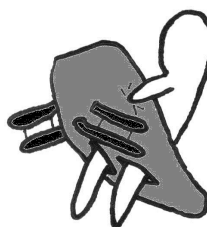

### Step 1

Step into the gray under-armor. Once your feet and arms are through the holes, you will need to Velcro the back shut. There are three Velcro straps that can be fed through adjacent holes.

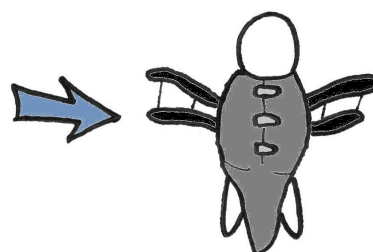

#### **Optional**

Wings: The wings have Velcro straps that feed through the back of the gray under-armor. Put on the wings before you move onto Step 2.

### Step 2

Step into the green overcoat part of the costume. Be sure that the gray under-armor's "tail" feeds into the "tail sleeve" attached to the green overcoat. Close by wrapping the Velcro waist strap around your waist. Then proceed to lay the wing sheaths down your back, this part of the costume will also have to be Velcroed shut.

### Step 3

Put on the helmet and collar. Be sure to have the Velcroed side of the collar facing forward.

#### **Optional**

The EAB Costume comes with a face mask as well. It is a black cloth that fully encloses around your head.
