

Watercraft Inspection Steward Program

Monthly Data Report - August 2022

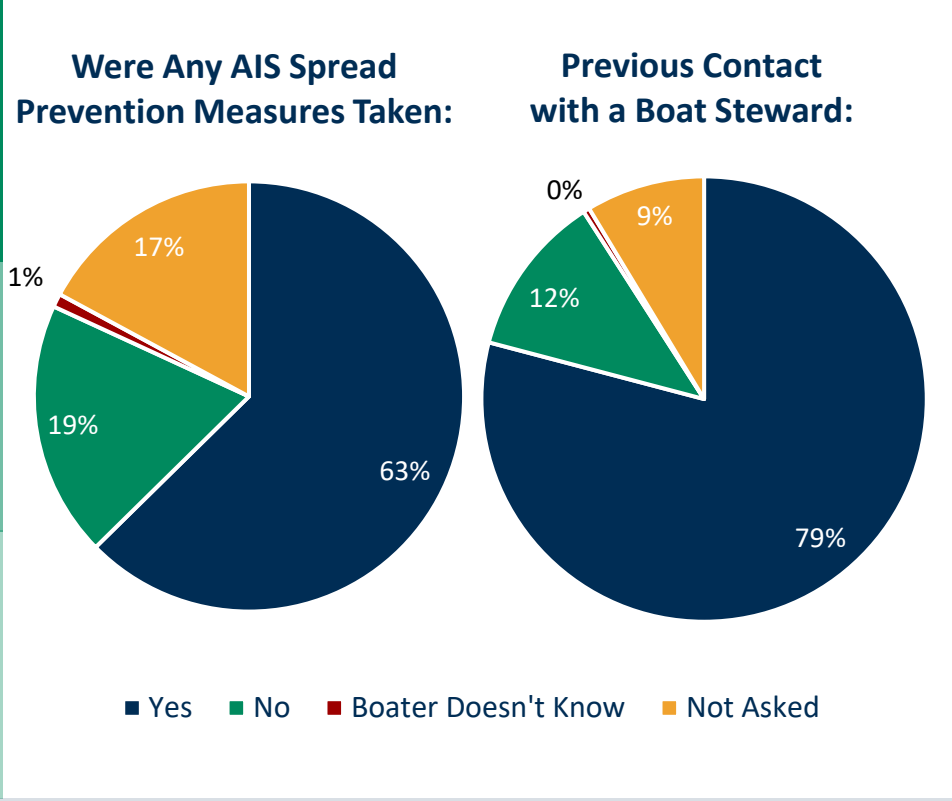

Total Interactions
6,269

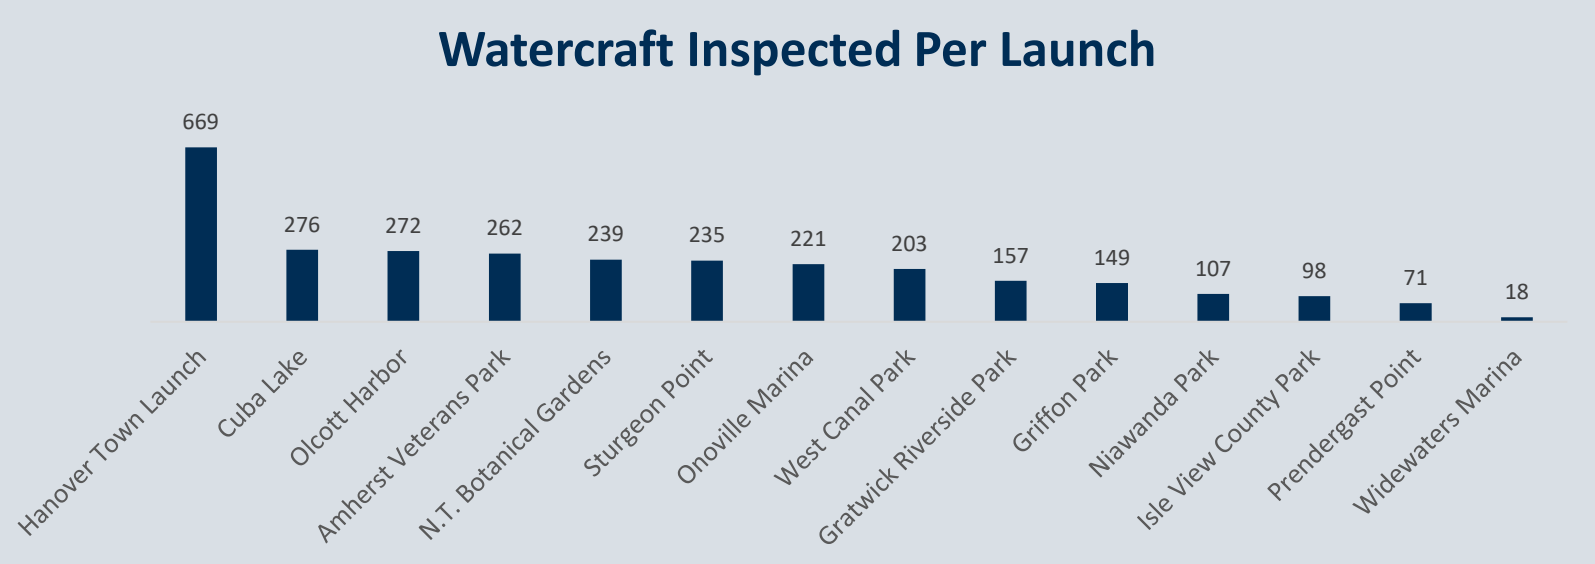

Total Inspections
2,977

87.7% Acceptance Rate

The WNY PRISM Watercraft Inspection Steward Program has 14 stewards stationed at 14 different launches throughout western New York. The stewards perform voluntary watercraft inspections to remove visible aquatic plants and animals from all types of watercraft. They work Thursday-Sunday from Memorial Day until Labor Day.

Total Invasive Species Removed:
143
