

Watercraft Inspection Steward Program

Monthly Data Report - July 2022

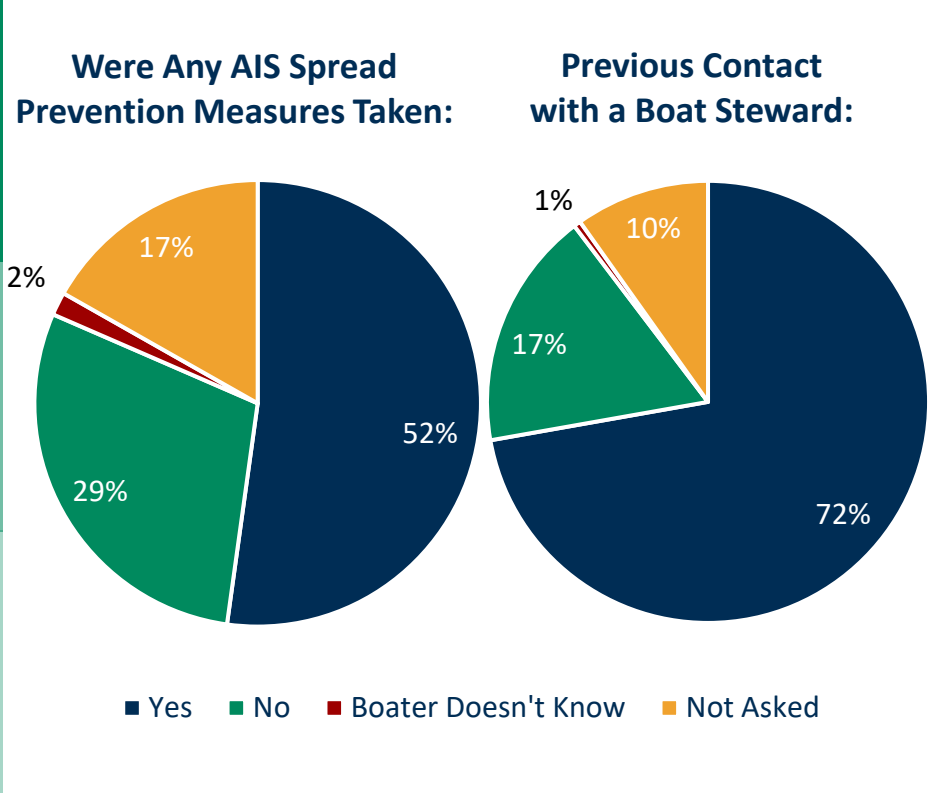

Total Interactions
10,412

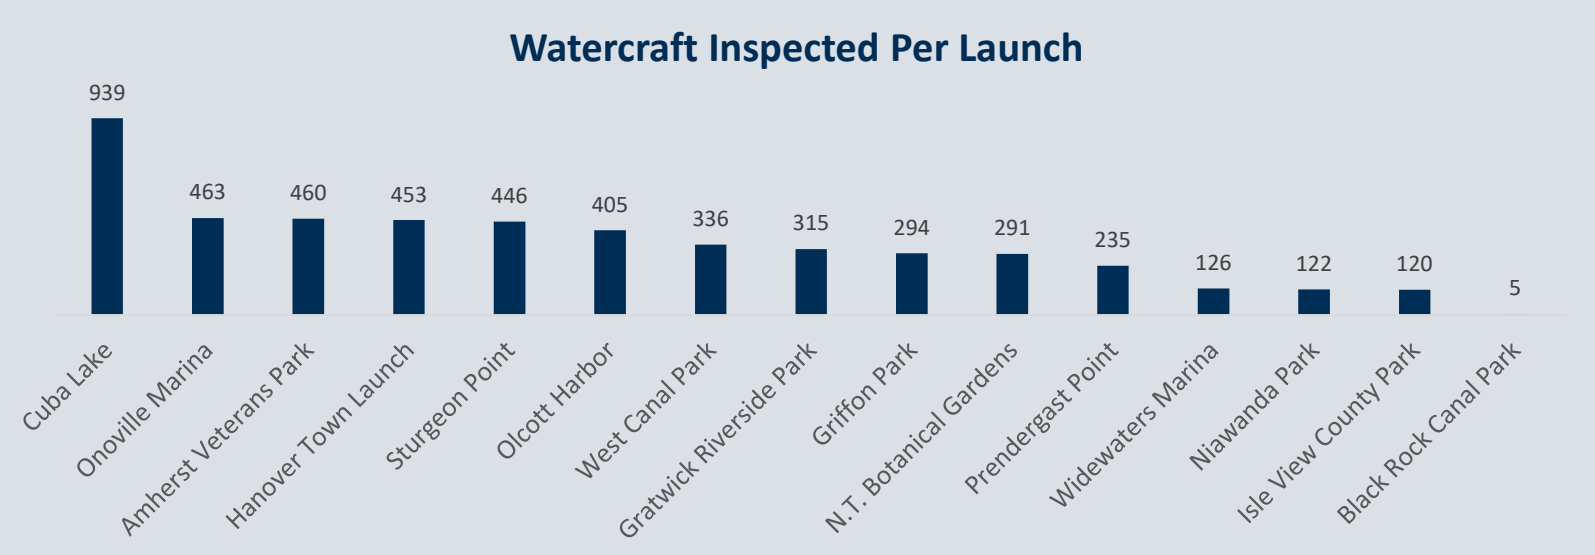

Total Inspections
5,010

86.4% Acceptance Rate

The WNY PRISM Watercraft Inspection Steward Program has 15 stewards stationed at 14 different launches throughout western New York. The stewards perform voluntary watercraft inspections to remove visible aquatic plants and animals from all types of watercraft. They work Thursday-Sunday from Memorial Day until Labor Day.

Total Invasive Species Removed:
161

- Eurasian Watermilfoil: 77
- Curly Leaf Pondweed: 51
- Brittle Naiad: 18
