

WNY PRISM HWA Hunters Program HWA Stand Assessment Training

Saturday, January 17, 2026 | 1 PM - 3 PM

Trillium Nature Center at Beaver Meadow Nature Preserve

Calling all HWA Hunters! Are you ready to level up your survey skills and make an even greater impact on hemlock conservation?

Join this hands-on training to learn how to assess the health of hemlock stands, document the extent of HWA populations, and provide critical data that guides future management and biocontrol efforts. Adopt a location to survey this winter and help make a difference!

Prior HWA survey experience is required.

Register at <https://bit.ly/2026StandAssessments> or via the QR code below.

Deadline: Monday, January 12, 2026.

Questions?

Contact Rachel Taylor, WNY PRISM Community Science & Engagement at taylorrm@buffalostate.edu or (716) 878-4708.
